

Dynamic Map Legend

[Tamrielcraft's Dynamic Map](#) is mainly used for navigating around the endless world. To add some markers on it, Tonal Architects and higher ranked players can use `/dmarker add <marker-label> icon:<icon-id>`. The *marker-label* is the label used under the icon. The *icon-id* is the id linked to a certain icon. A semi-final list is present at the bottom of this page.

When executing the command, the marker will be placed at the players location

To get the full list of icon-id's in game, use `/dmarker list`

Use the following table to place map icons. The label of the icon is in **bold** while the file name used to place one is in *italic*.
