# Example of a Build Log

In-game name: SamplePlayer
Discord name: Sampler

Updated as of 2018-05-28

> Work in progress.

| ***Build name*** | ***Coordinates*** | ***Last worked on*** | ***Verified by*** |
|---|---|---|---|
| Sample build | Normal World: 0, 0, 0 | yyyy-mm-dd | Staff member |

> On hold

| ***Build name*** | ***Coordinates*** | ***Last worked on*** | ***Verified by*** |
|---|---|---|---|
| Sample build | Normal World: 0, 0, 0 | yyyy-mm-dd | Staff member |

> Completed

| ***Build name*** | ***Coordinates*** | ***Completed(contribution) on*** | ***Verified by*** |
|---|---|---|---|
| Sample build | Normal World: 0, 0, 0 | yyyy-mm-dd | Staff member |

> Besides the coordinates of your build, you can also add a direct link to the dynamic map. Just navigate to your build on the dynmap and set the location link with the button in the left bottom corner. This url can then be used as a hyperlink in your build log.
